

READING THIS REPORT

All activities are listed by the Fiscal Year in which the training occurred, not by the fiscal year in which the funding for the training was provided. Most data in the report is current as of October 1, 2011. Some future/planned fiscal year costs were not finalized as of the data collection cutoff date. Many future/planned fiscal year events were listed before the foreign operations budget was passed and funding allocations were decided.

This report is comprised of two volumes:

Volume I	Volume II
	
Classification : Unclassified	Classification : Unclassified

Each volume is divided into sections. Each major section includes its own Table of Contents (TOC); for example, Volume I, Section III includes a TOC containing the list of countries and pages where training data appears. Each TOC is also divided by the geographic regions below:

- Africa
- East Asia and Pacific
- Europe
- Near East
- South Central Asia
- Western Hemisphere

VOLUME I

Section I – OPERATIONAL BENEFITS TO UNITED STATES FORCES

- This section lists the legal requirements and benefits of the training programs to the United States and allies.

Section II – DESCRIPTION OF PROGRAMS

- This section lists the multiple funding sources and training programs that are reported on in this report.

Section III – DEPARTMENT OF STATE FOREIGN POLICY OBJECTIVES

Section III contains summary data for all military training.

This report section is broken out into three main areas:

1. Actual fiscal year programs and totals.
2. Forecasted fiscal year programs and totals.
3. Department of State country and program highlights.

Within areas 1 and 2 :

- “Individual Students” reflect a count of students that received training under that level of detail. If a student attended multiple training sessions under a given level of detail, that student will only be counted once.
- “Course Count” reflects a count of individual courses offered under that level of detail. This is determined by counting courses with known start/end dates.
- “Dollar Value” represents the sum of reported training dollars spent on that level of detail. This is determined by adding and totaling all applicable costs associated with the training.

Note:

- The totals for “Individual Students” and “Course Count” detail levels may not equal the sum of the reported country level figures. This is because of how items are counted, and the various methods of conducting training. For example, an individual student may have received training under more than one program. Because of this, the student will be counted and reported under each program, but will only be counted once for the country total.
- The totals for “Individual Students,” “Course Count,” and “Dollar Value” may not match training line totals listed in Volume I, Section IV, as these summary totals may include training line data that are classified above the unclassified level of Volumes I and II.
- The reported fiscal year International Military Education and Training (IMET) dollar amounts may include funds expended to support travel and living allowances paid to most IMET recipient countries, as well as course cancellation fees.
- If next fiscal year’s training has a cost of \$0, the activity may have been fully funded by other participants or reimbursed through another training activity/event that was part of a student’s training pipeline.

Section IV contains the available unclassified listing of completed training events.

1. This section will break out each training program's courses as training lines.
2. Summary totals for each program as well as overall totals are available.

Volume 17 Section 1 - Fals

CONFIDENTIAL

- Country and program totals listed in this section may not match totals listed in Volume I, Section III due to the removal of any ongoing/future training.
- If a course started in or before the current fiscal year but is not scheduled to end until sometime in the next fiscal year, it is reflected in the listings included in Volume II (rather than Volume I), since the training may still be ongoing at the time of publication.

VOLUME II

Section I – COUNTRY TRAINING ACTIVITIES

Section I only lists on-going and planned training.

1. This report volume is similar in format to Volume I, Section IV.
2. Events listed in Volume I, Section IV are not repeated.
3. Planned training for the next fiscal year was collected at the end of the actual reporting fiscal year. Because of this, planned data may be incomplete and is not updated during the report process.

Notes:

- Future/Planned fiscal year courses frequently list costs or students as “0”; this reflects a “To Be Determined” status.
- The Future/Planned fiscal year IMET dollars represent the value of the training requested by each country and the estimated number of students. The Future/Planned fiscal year IMET dollars and students reported DO NOT reflect the Future/Planned fiscal year IMET allocation level for each country.

OTHER REPORT NOTES

Foreign military training figures for the Regional Defense Combating Terrorism Fellowship Program (CTFP) in this report are known to be different from those figures provided in this year’s CTFP Congressional Report. These discrepancies are due to different statistical and data collection methods as well as differing congressional reporting requirements.
